CERTIFIED PUBLIC ACCOUNTANTS

MARK J. CAMPBELL, CPA KENNETH P. KUSTERER, CPA 512 N. LINCOLN AVE. - SUITE 100 P.O. BOX 686 BAY CITY, MICHIGAN 48707 INDEPENDENT AUDITOR'S REPORT

TEL (989) 894-1040 FAX (989) 894-5494

October 1, 2004

To the City Council City of White Cloud Newaygo County, Michigan

We have audited the accompanying financial statements of the governmental activities, business-type activities and each major fund of City of White Cloud, Newaygo County, Michigan as of and for the year ended June 30, 2004, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of City of White Cloud's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities and each major fund of the City of White Cloud, Newaygo County, Michigan as of June 30, 2004, and the respective changes in financial position and cash flows where applicable, of these activities and funds, for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As described in Note 1, the City has implemented a new financial reporting model, as required by the provisions of GASB Statement No. 34, Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments, as of July 1, 2003.

In accordance with Government Auditing Standards, we have also issued our report dated October 1, 2004, on our consideration of the City of White Cloud's internal control over financial reporting and on tests of its compliance with certain provisions of laws, regulations, contracts and grants. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be read in conjunction with this report in considering the results of our audit.

The Management's Discussion and Analysis and budgetary comparison information listed in the table of contents are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management, regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming an opinion on the City's basic financial statements. The other supporting information described in the accompanying table of contents is presented for the purpose of additional analysis and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied by us in the audit of the basic financial statements and, in our opinion, it is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

## MANAGEMENT'S DISCUSSION AND ANALYSIS For the year ended June 30, 2004

This section of the City of White Cloud's annual financial report presents our discussion and analysis of the City's financial performance during the fiscal year ended June 30, 2004. Please read it in conjunction with the financial statements, which immediately follow this section.

#### FINANCIAL HIGHLIGHTS

Our financial status remained stable over the last year. Net Assets at June 30, 2004, totaled approximately \$3,295,744.00 for governmental activities and \$604,412.00 for business-type activities. Of these totals, approximately \$2,912,060.00 and \$317,607.00 respectively, represent capital assets net of depreciation and related debt. Overall, net assets decreased by approximately \$7,702.00 from the prior year.

Overall revenues were approximately \$1,180,828.00. Overall expenses approximated \$1,188,529.00.

The tax base increased by six percent (6%).

We did not incur any new debt during the year.

#### **OVERVIEW OF FINANCIAL STATEMENTS**

This annual report consists of three parts, management's discussion and analysis, the basic financial statements and required supplementary information. The basic financial statements include two different kinds of statements that present different views of the City and the notes to the financial statements.

The first two statements are City wide financial statements and provide both long and short-term information about our overall financial status. These statements present government activities and/or business type activities.

The remaining statements are fund financial statements, which focus on individual parts of the City in more detail.

The notes to the financial statements explain some of the information in the statements and provide more detailed data.

Required supplementary information further explains and supports the financial statement information with budgetary comparisons.

#### **ENTITY-WIDE FINANCIAL STATEMENTS**

The entity-wide statements report information about the entity as a whole using accounting methods used by private companies. The statement of net assets includes all of the entity's assets and liabilities. The statement of activities records all of the current year revenues and expenses regardless of when received or paid.

The two entity-wide statements report net assets and how they have changed. Net assets are the difference between the entity's assets and liabilities and this is one method to measure the entity's financial health or position.

Over time increases/decreases in the entity's net assets are an indicator of whether financial position is improving or deteriorating.

To assess overall health of the entity you may also have to consider additional factors such as tax base changes, facility conditions and personnel changes.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

For the year ended June 30, 2004

#### ENTITY-WIDE FINANCIAL STATEMENTS (continued)

Most of the activities of the City are reported as governmental activities. These would include the General Fund, Cemetery Fund, Park Fund, Major Street Fund, Local Street Fund, Public Safety Fund and the Motor Pool Fund. Some activities such as the Water Fund are treated as business activities where the revenues of the activity are designed to pay for the operations of the activity.

#### **FUND FINANCIAL STATEMENTS**

The fund financial statements provide more detailed information about the City's funds, focusing on significant (major) funds not the City as a whole. Funds are used to account for specific activities or funding sources. Some funds are required by law or bond covenants. The City Council also may create them. Funds are established to account for funding and spending of specific financial resources and to show proper expenditures of those resources.

The Township has the following types of funds:

Governmental Funds: Most of the City's activities are included in the governmental fund category. These funds are presented on the modified accrual basis, which is designed to show short-term financial information. You will note that the differences between the City's government-wide statements and the fund statements are disclosed in reconciling statements to explain the differences between them. The City's governmental funds include: General, Major Street, Local Street, Cemetery and White Cloud City Park.

Proprietary Funds: These funds represent activities in the government, which are basically treated like private sector companies. These funds are designed to have revenues earned adequate to pay for the operations of the activity. These funds are presented on a full accrual method and will show no difference between the City's government-wide statements and fund statements presentation. The City's proprietary funds include: Water and Equipment.

Fiduciary Funds: The City is a trustee or fiduciary for assets that belong to others. The City maintains these funds and is responsible for insuring that the assets of these activities are spent for their intended purpose and at the direction of those individuals/organizations to whom the funds belong. These activities do not appear in the City's government-wide financial statements since the assets do not belong to the City. The City maintains an Agency Fund in this category.

#### FINANCIAL ANALYSIS OF THE CITY AS A WHOLE

Net Assets: The City's combined net assets decreased approximately \$7,702.00 during the year ended June 30, 2004, totaling \$3,900,156.00.

The decrease is mainly due to the purchase of capital asset items, such as: cameras for the patrol cars, new counters and carpeting for city offices, paving of Newell Street, water system improvements, and completion of the White Cloud Industrial Park.

Governmental Activities: The net assets for governmental activities decreased approximately \$1,177.00 due largely to contributions made to the City from the County and the Downtown Development Authority. These entities have assisted with the expense of water improvements and the paving of Newell Street.

Business-Type Activities: The net assets for business-type activities decreased approximately \$6,525.00.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

For the year ended June 30, 2004

#### FINANCIAL ANALYSIS OF THE CITY'S FUNDS

General Fund: This fund is used to record all activities of the City not required to be recorded in a separate fund. This would include parks, zoning, dam, building and grounds, legislative, administrative, elections, and public safety. The major source of revenue for the general fund is from the City tax base and the revenue sharing from the State of Michigan. The major expenses for this fiscal year include the upgrades to the City offices with new counters and carpeting and computer upgrades.

Major Streets: This fund is used to record revenues and expenses for major streets located within the City. The major source of revenue comes from the State of Michigan in the form of Act 51 funding. This fund also records contributions from other entities contributing to paving projects. The major expense for this fund is construction of new paving projects and maintenance and snow removal.

Local Streets: This fund is used to record revenues and expenses for local streets within the City. Local street revenue comes from the State of Michigan in the form of Act 51 funding. This fund also records contributions from property owners who have been special assessed for improvements. The major expense for this fund is construction of new paving projects and maintenance and snow removal.

Cemetery Fund: The major source of revenue is from the sale of cemetery plots and openings for burials. The expenses incurred are for maintenance.

White Cloud City Park Fund: This fund is used to record revenues from the percentage of the activities of the campground. The expenses incurred are for maintenance and upgrades. This year expenses included the development of a master plan for the park and some electrical upgrades for several sites.

Water Fund: This fund is used to record revenues and expenses for the City water system. The revenues come from user charges and the expenses are incurred for operation and maintenance. The City reviewed the water charges and made only one minor change in hook-up fees due to the stability of the water fund. Some major capital improvement projects have added to the reliability of the City water system including extension of water lines in the new Industrial Park; water system improvements on Newell Street; and other projects still in process, such as M-20 water line improvements.

Internal Service (Equipment Fund): This is used to record the operation of the fleet and major equipment. The primary source of revenue comes from equipment rental fees charged to the other funds of the City. The primary expenses are accrued from the operations and maintenance of equipment and vehicles.

Improvement Revolving Fund: This fund is used to record the major capital improvement projects. This fund was used this fiscal year to fund the completion of the White Cloud Industrial Park. Revenues came from a grant from the EDA (Federal Economic Development Authority); a loan/grant for MEDC (State Economic Development Corporation); and a grant from USDA (Federal United States Department of Agriculture, Rural Development). The project was completed during the fiscal year. This fund will now be replaced with the LDFA (Local Development Financing Authority) to administer funds from the sales of land, tax revenues, and loan repayment.

Downtown Development Authority: This component unit is used to record the activities and projects of the DDA. Revenues are from the TIFA (Tax Increment Financing Agreement) from capture of increased tax revenues of certain properties from the City of White Cloud, Newaygo County and the White Cloud District Library.

#### CAPITAL ASSET AND LONG-TERM DEBT ACTIVITY

Additions to City's governmental fund capital assets for this year totaled \$14,474.00 and included new video cameras in the police vehicles, new counters and carpeting in the office building and computer upgrades. The City also completed the paving of Newell Street, water system improvement of \$15,982.00 and completion of the White Cloud Industrial Park.

#### MANAGEMENT'S DISCUSSION AND ANALYSIS

For the year ended June 30, 2004

#### CAPITAL ASSET AND LONG-TERM DEBT ACTIVITY (continued)

Long-term Debt:

Water System Bond Issue: The bond issue payments for this fiscal year totaled \$29,100.00 (\$19,500.00 principal and \$9,600.00 interest).

Loan Payable – MEDC: The loan agreement will grant credits for job creation; however, at this time the Industrial Park has no business located in the park. Payments will begin in June of 2005.

Notes payable on a dump truck and an auto with principal payments of \$5,394.00 and \$4,814.00.

#### KNOWN FACTORS AFFECTING FUTURE OPERATIONS

The City's plans for the future include street and water system improvements to Wilcox Street from M-37 to Barton Street. In addition, if grant funds are awarded, an enhanced streetscape project from M-37 to North Street would be a part of this project. The City is committed to constructing new sidewalks, repairing existing sidewalks and continually working to improve the water system.

#### **CONTACTING THE CITY'S MANAGEMENT**

This financial report is designed to provide our taxpayers, creditors, investors and customers with a general overview of the City's finances and to demonstrate the City's accountability for the revenues it receives. If you have any questions concerning this report please contact Kay Haven, City Clerk, or Bob Baldwin, City Mayor, by calling 231-689-1194 during the hours of 8 am to 5 pm, Monday through Friday.

## RECONCILIATION OF BALANCE SHEET OF GOVERNMENTAL FUNDS TO THE STATEMENT OF NET ASSETS June 30, 2004

TOTAL FUND BALANCES - GOVERNMENTAL FUNDS

363 440 83

Amounts reported for governmental activities in the statement of net assets are different because –

Capital assets used in governmental activities are not financial resources and therefore are not reported in the governmental funds balance sheet:

Capital assets at cost Accumulated depreciation 3 753 829 78

(539 793 86)

Long-term debt liabilities are not due and payable in the current period and therefore are not reported in the government funds:

Notes payable Loan payable Accrued compensated absences (20 862 23)

(281 113 96) (17 438 04)

The internal service fund is used by management to charge the costs of certain activities to individual funds. The assets and liabilities of the internal service fund is included in governmental activities in the statement of net assets.

Add net assets of governmental activities accounted for in the internal service fund net of capital assets and long-term debt which are included above

37 681 32

TOTAL NET ASSETS - GOVERNMENTAL ACTIVITIES

3 295 743 84

### NOTES TO FINANCIAL STATEMENTS June 30, 2004

#### Note 1 - Summary of Significant Accounting Policies

The accounting policies of the City of White Cloud, Newaygo County, Michigan, conform to generally accepted accounting principles as applicable to governmental units.

#### Reporting Entity

The financial statements of the City contain all the funds and component units that are controlled by or dependent on the City's executive or legislative branches.

The reporting entity is the City of White Cloud. The City is governed by an elected City Council and Mayor. As required by generally accepted accounting principles, these financial statements present the City as the primary government. The component unit disclosed below is discretely presented in the City's reporting entity due to the significance of the City's operational and financial relationship's with the component unit.

#### Component Unit

The Downtown Development Authority is reported as a discretely presented component unit within the reporting entity of the City. It is reported in a separate column to emphasize that it is legally separate from the City. The members of the governing board of the component unit are appointed by the City. The component unit is fiscally dependent on the City.

#### Government-Wide and Fund Financial Statements

The government-wide financial statements, (the Statement of Net Assets and the Statement of Changes in Net Assets) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, normally supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include: (1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function; and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes, intergovernmental payments and other items not properly included among program revenues are reported as general revenue.

Major individual governmental and business-type funds are reported as separate columns in the fund financial statements.

#### Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenue is recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. When an expense is incurred for purposes for which both restricted and unrestricted net assets are available, restricted resources are applied first.

## NOTES TO FINANCIAL STATEMENTS June 30, 2004

#### Note 1 - Summary of Significant Accounting Policies (continued)

#### Measurement Focus, Basis of Accounting and Financial Statement Presentation (continued)

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenue is recognized as soon as it is both measurable and available. Revenue is considered to be available if it is collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, expenditures relating to compensated absences, and claims and judgments are recorded only when payment is due.

#### Joint Ventures

The City and the Township of Sherman jointly form the White Cloud Sherman Utility Authority to provide sewer services for the two entities. The City has guaranteed 26.4% of the sewer system bonded debt. Total outstanding bonded debt at June 30, 2003, the latest available information, is \$892,500.00. The City's potential responsibility is \$235,620.00. This amount has not been recorded as a liability of the City.

The City and the Township's of Everett, Lincoln, Sherman and Wilcox jointly operate the White Cloud Area Fire Department to provide fire protection services for the five entities. For the fiscal year ended March 31, 2004, the City provided \$21,609.91 to the Fire District which represented 14.6% of its operating revenue. As of March 31, 2004, the general long-term debt of the Fire District was \$0.

The joint ventures of the City are not considered a part of the reporting entity of the City. Separate financial statements of the joint ventures may be obtained directly from them.

#### Governmental Funds

#### General Fund

This fund is used to account for all financial transactions except those required to be accounted for in another fund. The fund includes the general operating expenditures of the local unit. Revenues are derived primarily from property taxes, state and federal distributions, grants, and other intergovernmental revenues.

#### Special Revenue Funds

These funds are used to account for specific governmental revenues requiring separate accounting because of legal or regulatory provisions or administrative action.

#### **Proprietary Funds**

#### Water Fund

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Water enterprise fund are charges to customers for services. The enterprise fund also recognizes as operating revenues the tap fees intended to recover the cost of connecting new customers to the system. Operating expenses for the enterprise fund include the cost of services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

## NOTES TO FINANCIAL STATEMENTS June 30, 2004

#### Note 1 - Summary of Significant Accounting Policies (continued)

#### Internal Service Fund

The Equipment Fund is used to record the financing of goods or services provided by the local unit to other departments and funds or to other governmental units on a cost reimbursements basis.

#### Fiduciary Fund

The Agency Fund is used to account for assets held as an agent for others.

#### Assets, Liabilities and Net Assets or Equity

Bank deposits and investments – Cash and cash equivalent investments include cash on hand, demand deposits, certificates of deposit and short-term investments with a maturity of three months or less when acquired. Investments are stated at fair value.

#### Receivables

Receivables have been recognized for all significant amounts due to the City. Allowances for uncollectible accounts have not been provided for in that collection is not considered doubtful and any uncollected amount would be immaterial.

#### <u>Inventories</u>

Inventory is recorded in the Water Fund at the lower of cost or market, with cost determined on a first-in, first-out (FIFO) basis. All purchases for materials are reflected in expenses when paid in other funds.

#### **Property Taxes**

Property taxes and other revenue that are both measurable and available for use to finance operations are recorded as revenue when earned.

Properties are assessed as of December 31 and the related property taxes become a lien on July 1 of the following year. These taxes are due on August 31 with the final collection date of February 15 before they are added to the county tax rolls. The City 2003 tax roll millage rate was 18.0416 mills, and the taxable value was \$17,155,719.00.

#### Encumbrances

Encumbrances involving the current recognition of purchase orders, contracts and other commitments for future expenditures are not recorded.

#### Capital Assets

Capital assets are defined by the City as assets with an initial cost of more than \$1,000.00 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost. Donated assets are reported at estimated fair market value at the date of donation. Additions, improvements and other capital outlays that significantly extend the useful life of an asset are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation on all assets is provided on the straight-line basis over the following estimated useful lives:

Buildings Furniture and equipment 20-30 years 3-10 years

## NOTES TO FINANCIAL STATEMENTS June 30, 2004

#### Note 1 - Summary of Significant Accounting Policies (continued)

#### Compensated Absences (Vacation and Sick Leave)

The estimated current portion of the liability for vacation and sick leave benefits attributable to the City's governmental funds is recorded as an expenditure and liability in the respective funds. The amounts attributable to proprietary funds are charged to expense and a corresponding liability in the applicable fund. Employees may accumulate up to 150 days of vacation and unused sick leave for which they are paid upon termination of employment.

#### Post-employment Benefits

The City provides no post-employment benefits to past employees.

#### **Fund Equity**

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Designations of fund balance represent tentative management plans that are subject to change.

#### **Accounting Change**

Effective July 1, 2003, the City implemented the provisions of Governmental Accounting Standards Board Statement No. 34, Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments (GASB No. 34). Changes to the City's financial statements as a result of GASB No. 34 are as follows:

A Management's Discussion and Analysis (MD&A) section providing analysis of the City's overall financial position and results of operations has been included.

Government-wide financial statements (Statement of Net Assets and Statement of Activities) prepared using the full accounting for all the City's activities have been provided.

Capital assets in the governmental activities column of the Statement of Net Assets include net assets totaling \$3,214,035.92.

#### Note 2 - Budgets and Budgetary Accounting

The following procedures are followed in establishing the budgetary data reflected in these general purpose financial statements:

- 1. Prior to the beginning of the fiscal year, the proposed budget for each budgetary fund is submitted to the City Council for consideration.
- The proposed budgets include expenditures as well as the methods of financing them.
- 3. Public hearings are held to obtain taxpayer comments.
- 4. The budgets are adopted at the activity level by a majority vote of the City Council.
- The budgets are adopted on the modified accrual basis of accounting.

### NOTES TO FINANCIAL STATEMENTS June 30, 2004

#### Note 2 - Budgets and Budgetary Accounting (continued)

- 6. The originally adopted budgets can be amended during the year only by a majority vote of the City Council.
- The adopted budgets are used as a management control device during the year for all budgetary funds.
- 8. Budget appropriations lapse at the end of each fiscal year.
- The budgeted amounts shown in these financial statements are the originally adopted budgets with all amendments that were approved by the City Council during the fiscal year.

#### Note 3 - Deposits and Investments

Michigan Compiled Laws, Section 129.91, authorizes the City to deposit and invest in the accounts of federally insured banks, credit unions, and savings and loan associations; bonds, securities and other direct obligations of the United States, or any agency or instrumentality of the United States; United States government or federal agency obligation repurchase agreements; banker's acceptance of United States banks; commercial paper rated within the two highest classifications, which mature not more than 270 days after the date purchase; obligations of the State of Michigan or its political subdivisions which are rated as investment grade; and mutual funds composed of investment vehicles which are legal for direct investment by local units of government in Michigan. Financial institutions eligible for deposit of public funds must maintain an office in Michigan.

The City Council has designated four banks for the deposit of City funds. The investment policy adopted by the Council in accordance with Public Act 196 of 1997 has authorized investment in all investments authorized by state law as listed above.

The City's deposits and investments are in accordance with statutory authority.

The Governmental Accounting Standards Board Statement No. 3, risk disclosures for the cash deposits are as follows:

|                | Carrying Amounts      |                   |            |  |
|----------------|-----------------------|-------------------|------------|--|
|                | Primary<br>Government | Component<br>Unit | Total      |  |
| Total Deposits | 418 953 01            | <u>15 191 78</u>  | 434 144 79 |  |

Amounts in the bank balances are without considering deposits in transit or uncleared checks.

|  | Bank Balances            |                   |                          |  |

#### Note 5 - Deferred Compensation Plan

The City of White Cloud offers all of its' employees a choice of three deferred compensation plans created in accordance with the Internal Revenue Code, Section 457. The assets of the plans were held in trust, (a custodial account) as described in IRC Section 457 (g) for the exclusive benefit of the participants and their beneficiaries. The custodian thereof for the exclusive benefit of the participants holds the custodial account for the beneficiaries of these Section 457 plans, and the assets may not be diverted to any other use. The administrators are agents of the City of White Cloud for the purposes of providing direction to the custodian of the custodial account for time to time for the investment of the funds held in account, transfer of assets to or from the account and all other matters. In accordance with the provisions of GASB Statement No. 32, plan balances and activities are not reflected in the City of White Cloud's financial statements.

#### Note 6 - Pension Plan

#### Plan Description

The City has a defined benefit pension plan covering substantially all full-time employees. The plan is operated by the State of Michigan Municipal Employees Retirement System (MERS), which is a cost-sharing multiple-employer retirement system.

The pension plan provides pension, death and disability benefits. Benefits vest after 10 years of service. Normal retirement is based on one of the following requirements:

- Age 60 and 10 or more years of credited service.
- 2. Age 55 and 20 or more years of credited service.
- Age 55 and 15 or more years of credited service (reduced benefit).
- 4. Age 50 and 25 or more years of credited service.

The City's current year covered payroll and its total current year payroll for all employees amounted to \$183,423.52 and \$273,823.52 respectively.

## NOTES TO FINANCIAL STATEMENTS June 30, 2004

#### Note 6 - Pension Plan (continued)

#### Plan Description

#### Pension Benefit Obligation

The actuarial accrued liability was determined as part of an actuarial valuation of the plan as of December 31, 2003. Significant actuarial assumptions used in determining the pension benefit obligation include (a) a rate of return on the investment of present and future assets of 8.0%, (b) projected salary increases of 4.5% per year compounded annually, attributable to inflation, (c) additional projected salary increases of 4.5% per year, depending on age, attributable to seniority/merit, and (d) the assumption that benefits will increase 2.5% per year (annually) after retirement, for persons under Benefit E-1 or E-2.

#### Actuarial Accrued Liability:

| Retirees and beneficiaries currently receiving benefits                                      | \$57,274  |
|--|-----------|
| Terminated employees not yet receiving benefits  | 108,241   |
| Current employees – Accumulated employee contributions including allocated investment income | 0         |
| Employer financed  | 250,840   |
| Total Actuarial Accrued Liability  | 416,355   |
| Net Assets Available for Benefits, at Actuarial Value (Market Value is \$28,073)             | 268,310   |
| Overfunded (Unfunded) Actuarial Accrual Liability  | (148,045) |

#### Contributions Required and Contributions Made

MERS funding policy provides for periodic employer contributions at actuarially determined rates that, expressed as percentages of annual covered payroll, are designed to accumulate sufficient assets to pay benefits when due. The annual required contribution for the fiscal year beginning July 1, 2005, is \$28,692.00 with an amortization factor used of 0.051679.

Total employer contributions made during the fiscal year ended June 30, 2004, amounted to \$26,964.13.

#### Note 8 - Loan Payable - MEDC

On June 19, 2001, the City of White Cloud obtained a loan from the Michigan Economic Development Corporation in the amount of \$281,113.96 to partially fund infrastructure improvement in the City's industrial park. During the term of the project, June 1, 2001, to May 31, 2006, the City may earn credits up to 50% of the principal balance, for qualifying net new jobs created and added to the existing job base. Principal and interest payments are to be made quarterly beginning June 1, 2004, through June 1, 2016. The loan bears interest at the rate of 6.0% per annum. As of June 30, 2004, the City had recognized \$281,113.96 of the loan proceeds.

#### Note 9 - Water Supply System Revenue Bonds, Series 1999

On September 30, 1999, the City issued \$827,162.00 of its bonds to fund the acquisition, construction and installation of improvements to the City's existing water supply system including but not limited to, water tower replacement and water system transmission extensions and improvements. The bond principal and interest at the rate of 2.5% per annum, are to be repaid from the revenues of the Water Fund. As of June 30, 2004, the outstanding bond principal was \$748,500.00 and it is recorded as a liability in the Water Fund. The debt service schedule is as follows:

| Due     | Principal   | Interest   | Total       |
|---------|-------------|------------|-------------|
| Date    | Amount      | Amount     | Amount      |
| 10/1/04 | \$19 500 00 | \$9 356 25 | \$28 856 25 |
| 4/1/05  | -           | 9 112 50   | 9 112 50    |
| 10/1/05 | 19 500 00   | 9 112 50   | 28 612 50   |

## NOTES TO FINANCIAL STATEMENTS June 30, 2004

#### Note 10 - Equipment Fund Notes Payable

Note Payable – Chevrolet Impala: On November 25, 2002, the City acquired a Chevrolet Impala for \$20,377.78, through a note payable to GMAC. The agreement requires twelve quarterly payments in the amount of \$1,849.07 which includes principal and interest at the rate of 6.35% per annum. As of June 30, 2004, \$12,159.32 of the principal remained outstanding.

Note Payable – Dump Truck: On December 13, 2000, the City acquired an International Dump Truck for \$26,300.00, through a note payable to Independent Bank West. The agreement requires twenty quarterly payments in the amount of \$1,525.44, which includes principal and interest at the rate of 5.75% per annum. As of June 30, 2004, \$8,702.91, of the principal remained outstanding.

#### Note 11 - Risk Management

The City is exposed to various risks of loss related to property loss, torts, errors, omissions, and employee injuries (workers' compensation). The City has purchased commercial insurance for property loss, torts and workers' compensation claims. Settled claims relating to the commercial insurance have not exceeded the amount of insurance coverage in any of the past three fiscal years.

#### Note 12 - Building Permits

The City of White Cloud does not issue building permits. Building permits are issued by the County of Newaygo.

REPORT ON COMPLIANCE AND ON INTERNAL CONTROL OVER FINANCIAL REPORTING

BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN

ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

October 1, 2004

To the City Council City of White Cloud Newaygo County, Michigan

We have audited the financial statements of the City of White Cloud, Newaygo County, Michigan, as of and for the year ended June 30, 2004, and have issued our report thereon dated October 1, 2004. We conducted our audit in accordance with generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

#### Compliance

As part of obtaining reasonable assurance about whether City of White Cloud's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and , accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under Government Auditing Standards.

#### Internal Control over Financial Reporting

In planning and performing our audit, we considered City of White Cloud's internal control over financial reporting in order to determine our auditing procedures for the purposes of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our study and evaluation disclosed the following condition that we believe to be a material weakness for which management believes corrective action is not practicable in the circumstances. Within the present plan of organization of the City there is an inadequate control over cash transactions caused by an inadequate segregation of duties which is due to the limited number of office personnel employed. Such study and evaluation disclosed no conditions that we believe to be material weaknesses for which corrective action by management is practicable in the circumstances.

This report is intended for the information of management and federal awarding agencies and pass-through entities. However, this report is a matter of public record and its distribution is not limited.

## AUDIT COMMUNICATION AND REPORT OF COMMENTS AND RECOMMENDATIONS

October 1, 2004

To the City Council City of White Cloud Newaygo County, Michigan

We have audited the financial statements of the City of White Cloud for the year ended June 30, 2004. As required by auditing standards generally accepted in the United States, the independent auditor is required to make several communications to the governing body having oversight responsibility for the audit. The purpose of this communication is to provide you with additional information regarding the scope and results of our audit that may assist you with your oversight responsibilities of the financial reporting process for which management is responsible.

## AUDITOR'S RESPONSIBILITY UNDER AUDITING STANDARDS GENERALLY ACCEPTED IN THE UNITED STATES

We conducted our audit of the financial statements of the City of White Cloud in accordance with auditing standards generally accepted in the United States. The following paragraph explains our responsibilities under those standards.

Management has the responsibility for adopting sound accounting policies, for maintaining an adequate and effective system of accounts, for the safeguarding of assets, and for devising an internal control structure that will, among other things, help assure the proper recording of transactions. The transactions that should be reflected in the accounts and in the financial statements are matters within the direct knowledge and control of management. Our knowledge of such transactions is limited to that acquired through our audit. Accordingly, the fairness of representations made through the financial statements is an implicit and integral part of management's accounts and records. However, our responsibility for the financial statements is confined to the expression of an opinion on them. The financial statements remain the responsibility of management.

The concept of materiality is inherent in the work of an independent auditor. An auditor places greater emphasis on those items that have, on a relative basis, more importance to the financial statements and greater possibilities of material error than those items of lesser importance or those in which the possibility of material error is remote.

For this purpose, materiality has been defined as "the magnitude of an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would have been changed or influenced by the omission or misstatement."

An independent auditor's objective in an audit is to obtain sufficient competent evidential matter to provide a reasonable basis for forming an opinion on the financial statements. In doing so, the auditor must work within economic limits; the opinion, to be economically useful, must be formed within a reasonable length of time and at reasonable cost. That is why an auditor's work is based on selected tests rather than an attempt to verify all transactions. Since evidence is examined on a test basis only, an audit provides only reasonable assurance, rather than absolute assurance, that financial statements are free of material misstatement. Thus, there is a risk that audited financial statements may contain undiscovered material errors or fraud. The existence of that risk is implicit in the phrase in the audit report, "in our opinion."

To the City Council City of White Cloud Newaygo County, Michigan

In the audit process, we gain an understanding of the internal control structure of an entity for the purpose of assisting in determining the nature, timing, and extent of audit testing. Our understanding is obtained by inquiry of management, testing transactions, and observation and review of documents and records. The amount of work done is not sufficient to provide a basis for an opinion on the adequacy of the internal control structure.

#### SIGNIFICANT ACCOUNTING POLICIES

The significant accounting policies are described in Note 1 to the financial statements.

#### **OTHER COMMUNICATIONS**

Auditing standards call for us to inform you of other significant issues such as, but not limited to, 1) Accounting estimates that are particularly sensitive because of their significance to the financial statements or because of the possibility that future events affecting them may differ markedly from management's current judgments; 2) Significant audit adjustments that may not have been detected except through the auditing procedures we performed; 3) Disagreements with management regarding the scope of the audit or application of accounting principles; 4) Consultation with other accountants; 5) Major issues discussed with management prior to retention; and 6) Difficulties encountered in performing the audit.

We have no significant issues, regarding these matters, to report to you at this time. Audit adjustments were minimal, and are available to review.

#### **GASB 34 IMPLEMENTATION**

The Governmental Accounting Standards Board issued a new reporting model for governmental units which was required to be implemented for the fiscal year ended June 30, 2004. The implementation of this pronouncement for the City of White Cloud began with the year ended June 30, 2004. The daily operations and recording transactions did not change significantly, however, the City Is required to maintain additional records for the year end adjustments to the final presentation format.

### COMMENTS AND RECOMMENDATION REGARDING INTERNAL CONTROLS/ COMPLIANCE/ EFFICIENCY

Our procedures disclosed the following conditions that we would like to bring to your attention:

#### SEGREGATION OF DUTIES

A separation of duties between persons who authorize transactions and persons who have control over the related assets does not always exist.

The least desirable accounting system is one in which an employee is responsible for executing the transaction and then recording the transaction from its origin to its ultimate posting in the General Ledger. This increases the likelihood that intentional or unintentional errors will go undetected. In most cases, adequate segregation of duties substantially increases control over errors without duplication of effort.

We understand that due to the size of needed staff, a proper segregation of duties may be impractical and the "cost to benefit" relationship may not justify the addition of accounting staff to accomplish the desired segregation.

These conditions were considered in determining the nature, timing and extent of the audit tests to be applied in our audit of the City's financial statements and this communication of these matters does not affect our report on the City's financial statements, dated June 30, 2004.

To the City Council City of White Cloud Newaygo County, Michigan

#### **SUMMARY**

We welcome any questions you may have regarding the foregoing comments and we would be happy to discuss any of these or other questions that you might have at your convenience.

Sincerely,

Campbell, Kusterer: Co., P.C. CAMPBELL, KUSTERER & CO., P.C.
